## 'Top Secret' Data Is Linked To Service At Hearing

### State Department Diplomat Denies Any Aid To Reds

WASHINGTON, June 22.—(AP)—Senate investigators today produced a document, seized in the 1945 Amerasia raids, which referred to information received from Career Diplomat John S. Service on two "top secret" wartime messages from President Roosevelt to Chiang Kai-shek.

The document was put in evidence by Senator Hickenlooper (R-Iowa) at a public hearing by a subcommittee investigating charges by Senator McCarthy (R-Wis.) that Service collaborated with Communists.

Service was in the witness chair when Hickenlooper produced the material.

Hickenlooper described the paper as a copy of one of the documents seized by the FBI when its agents raided the New York offices of Amerasia, a magazine no longer published, and found hundreds of secret government papers. Justice department notation on the material quoted the state department as saying "This is a personal note and not an official government document."

Service was not immediately brought out at the state hearings just who allegedly had prepared the note.

Before Hickenlooper produced it, Service had denied he ever

### New York Lawyer U. S. Deputy For Treaty Council

WASHINGTON, June 2.—(AP)—President Truman said today Charles Spofford, New York lawyer, will be the American deputy to the North Atlantic Treaty Council's key post in defense of the West.

### 1950 Edition Of U. S. Air Races Cancelled Today

CLEVELAND, June 22.—(AP)—The 14th running here of the National Air Races has been called off for this year.

The Labor Day weekend spectacle which drew 200,000 last year was cancelled for 1950 by the event's executive committee. Apparently Secretary of Defense Louis Johnson's refusal to allow military planes to participate was the clinching reason for the decision.

The races, however, had been on shaky grounds ever since their last flying. Pilot Bill Odom, a mother and her baby were killed when Odom's plane went out of control and crashed into a Berea, O., house during last Labor Day's Thompson Trophy Race.

Householders around Cleveland airport have since objected to closed-course races over a heavily populated area.

### House Panel Out To Punish Those Who Won't Talk

WASHINGTON, June 22.—(AP)—The House Un-American Activities Committee is out to punish those who refuse to answer its questions.

It voted Wednesday to start by issuing contempt of congress citations against 39 who refused to talk during an investigation of Communism in Hawaii in April.

The decision applies to all those who refused to answer questions about the congress began in January, 1949, and to all those who may refuse in the future.

Rep. Walter (D-Pa.) said the next one to be cited for contempt probably will be Philip Bart, general manager of the Communist newspaper, the Daily Worker. Bart and Marcel Scherer were witnesses Wednesday in an investigation of an alleged Communist passport fraud, but turned down question after question.

### Local Seed Growers Elect Officers; Lavender, Eckhardt, David Named

Bob Lavender was unanimously elected president of the newly created Navarro County Seed Growers Association at a meeting Wednesday night in the office of County Agent W. H. Walker.

Bill Eckhardt of Wortham was named vice president, and Lewis David was elected secretary and treasurer.

Their elections were by acclamation by a seven-man board of directors which also was selected from a special committee of 14 seed growers.

Members of the board are: Morris Crawford, Allan Bryant, J. C. Barton, Charles Copeland, Lynn O'Neil, George Ward, Ed Sheppard, Horace Lively, T. L.

### Reds Too Weak To War, Dulles States

TOKYO, June 22.—(AP)—John Foster Dulles said today the "captive world" of Communism is too weak to risk war now with the free world.

The Republican adviser to the state department told the American Chamber of Commerce the immediate danger to free countries is that they may be taken over from within by small, disciplined Communist minorities.

Dulles' address came amid these other rapid-fire developments involving the United States' position in troubled Asia:

(1) General MacArthur and Dulles conferred for 90 minutes. It was learned they were in virtually complete agreement on necessity for prompt American aid for Red-threatened Formosa and the need for a peace treaty for Japan.

(2) MacArthur, it also was learned, was pleased with the outcome of his conference Monday with Defense Secretary Johnson and General Omar N. Bradley, chairman of the U. S. joint chiefs of staff.

MacArthur advocated sending U. S. military equipment to the Chinese Nationalists on Formosa to be administered by an American military mission. He maintained that American positions on nearby Okinawa and the Philippines would be threatened if the Chinese Reds took Formosa.

(3) Johnson, accompanied by Bradley, flew to Okinawa to inspect key air bases on that battle-famed island. Johnson commented the Americans were going to stay in Okinawa "for a long time." Later he and Bradley returned to Tokyo, Japan's ancient capital, for an overnight stay. Dulles met during the afternoon with Japanese Prime Minister Shigeru Yoshida after talking with other Japanese officials.

(4) Dulles told a news conference

### Navarro County Bond Buying Is Above Average

Independence Drive sales of Series B, U. S. savings bonds in Texas continue and Navarro and adjoining counties, are keeping pace as the deadline, July 4, nears.

Navarro county has reached \$89,267.25 of its \$160,000 goal—55.79 per cent, according to figures received by County Chairman Joe Butler from the state headquarters.

Adjoining counties, quotas, sales and percentage follow:

El Paso	\$125,000	\$64,467.75	51.57
Freestone	\$26,000	\$12,525	48.17
Henderson	\$24,000	\$11,205	46.69
Hill	\$78,000	\$46,263.25	59.31
Limestone	\$82,000	\$31,383.81	38.27

The quota for the state is \$24,088,000 and the sales thus far are \$11,538,101.25—or 47.90 per cent.

The Navarro and neighboring counties group has a higher average than the state.

### Red Police Chief In Germany Dies

BERLIN, June 22.—(AP)—Kurt Fischer, 49, Communist chief of East Germany's police, died today. The West German police actually is an army of 42,200 men. The East German government's information ministry announced Fischer's death occurred in a sanatorium and said it was due to a heart ailment. The uniformed black-boots forces which Fischer headed have been described by West powers as a Moscow-inspired illegal German army and their dissolution has been demanded.

### Rayon Plant Is Violence Scene

MORRISTOWN, Tenn., June 22.—(AP)—There was gunfire at the American Enka Corporation today and two hours later a barrage of gunfire shattered windows in the strike harassed rayon producing plant.

Gunfire erupted at 7 a. m. during a change of shifts at the plant, scene of recurrent disorders since the CIO Textile Workers Union Local 28 in support of a wage increase and other benefits. Three men were killed in this firing.

The rattle of gunfire was heard about 9 a. m. when, plant officials said, bullets apparently were fired from a highway leading to the main gate. Windows were shattered by these slugs but no one was injured.

The official said at the time of the second outbreak about 60 to 75 men were milling around the gate armed with rifles, shotguns and pistols.

The state highway patrol immediately sent 70 heavily armed patrolmen with gas bombs speeding to the trouble center.

### Official Review Of Church Issues Due In Hungary

By ENDRE MARTON  
BUDAPEST, Hungary, June 22.—(AP)—Hungary's Roman Catholic bench of bishops has asked for an official review of church questions in a letter interpreted as a surrender to the government's resistance to the church's long resistance to the government.

The fact that the government itself announced the church move indicates that the government will accept it as a surrender, demand that the bishops take an oath of allegiance to Hungary's constitution, and in return, the clergy to sign "Stockholm peace petitions" calling for outlawing of atomic weapons.

(The bench of bishops is the highest ecclesiastical authority of the Catholic church in Hungary since its prime minister Cardinal Mindszenty was jailed for life in 1949 on treason and spying charges.)

The bishops decided two days ago to ask the government for conferences at which heads of 63 religious orders should also be present. They would represent the monks and nuns in 636 cloisters and monasteries in Hungary.

Two weeks ago Jozsef Reval, minister of peoples education, called a bitter campaign of press and radio attacks on the Catholic clergy by declaring that they were "imperialist agitators and reactionary newsmongers." He raised the question whether the country could tolerate their existence further.

After Reval's speech, many cloisters and monasteries were ordered evacuated and their occupants were transferred to other religious centers.

### First Polio Case Within City For 1950 Is Reported

Navarro county's fifth polio case and the first from Corsicana for the 1950 season was reported today by Dr. Will Miller, acting director of the Corsicana-Navarro Health Unit.

Taken to the Children's hospital at Waco Wednesday was Ruth Vandergriff, nine-month-old daughter of Mr. and Mrs. George H. Vandergriff, 815 West Seventh avenue.

Dr. Miller said the case was reported to him by Dr. Dan B. Hamlin.

Polio cases reported this year include four from the Kerens area and one from Corsicana. The Corsicana case is the first in the city since 1948.

### Senators Will Probe Primary Races

WASHINGTON, June 22.—(AP)—Senator Gillette (D-Ia.) said today senate investigators will check numerous complaints of "alleged huge expenditures" in at least four senatorial primary races.

He said the complaints involve campaigns in North Carolina, Florida, Pennsylvania and Illinois, and other undesignated states.

Gillette is chairman of the senate subcommittee on privileges and elections, which has the duty of policing this year's elections of 36 senators.

In a statement, Gillette said his group "is willing and ready to investigate and report on any specific complaints on matters which come within its jurisdiction."

Details of the complaints already made were not disclosed although Gillette said his group "has received numerous complaints in writing and by personal report of the alleged huge expenditures of money in connection with nominating primaries or conventions for the office of United States senator in several states."

The subcommittee does not want to anticipate contested elections, nor encourage these contests, Gillette said. "But it feels that it would be derelict in its duty if it failed to take some action to develop the facts relative to the expenditures of such sums in any of the state jurisdictions for the nomination to a seat in the United States senate."

Gillette noted that newspaper reports filed with the committee on the recent Republican primary election in Pennsylvania listed "expenditures of between \$1,500,000 and \$2,000,000 in the senatorial contest have been reported by the candidates to proper state authorities."

Gov. James Duff won the Pennsylvania GOP senatorial nomination in a bitter battle with Rep. Kunkel (R-Pa.).

### Nationwide Rail Strike Possible

CHICAGO, June 22.—(AP)—A possible nationwide rail tieup was foreseen today by (1) a switchmen's union set Sunday for a date against five big lines, and (2) two more unions, Trainmen and Conductors, became legally free to strike July 15.

The Rock Island and the Western Pacific said they would stop running Sunday if the switchmen left work.

PLANS FIXED  
CHEYENNE, Wyo., June 22.—(AP)—Asked by a reporter if he might be a candidate for president in the future, Justice William O. Douglas said: "I am planning to stay on the Supreme Court the rest of my life."

### Outside Forces Must Lift Hated Red Yoke Off Czechs, Reporter Declares

NEW YORK, June 22.—(AP)—Most Czechs hate their present Communist masters, but the outside world will have to lift the Red yoke from the Czech neck if they are to be freed.

So concludes New York Times correspondent Dan Adams Schmidt in a series of dispatches written from Vienna after he fled from Prague recently to escape possible arrest in a spy roundup.

The Communist takeover in 1948, took control of Czechoslovakia, a prewar republic which tried to act as a bridge between the post-war east and west in Europe. Today, except for the heroic few, "the Czechoslovak resistance" is "mostly in the mind," Schmidt writes.

The country, Schmidt continues, is in much the same stage of subjection as it was under the Nazis. But the Communist police state is more complete and affects individual lives more.

Schmidt writes thus: "People disappear suddenly, to forced labor camps or to go before courts manned by Communist indoctrinated 'People's Judges.' The Catholic church has lost its press and schools. Its bishops are prisoners in their homes and its lower ranking clergy have been forced to sign oaths of allegiance to the Red regime.

The state is rapidly eliminating private enterprise and taking over the country's economy. With the profit motive gone, shops are shoddy and goods are second rate. So is food. The press has but a single, government-dictated, tiresome voice.

Because of her capitalist past, Czechoslovakia still enjoys a standard of living higher than any other Communist country. But the Russians, fearing unfavorable comparisons, are likely to reduce the Czech level deliberately 'to the bleaker Russian standards.'"

### Ohio To Name Democratic Senator In Fall Election, President Predicts

WASHINGTON, June 22.—(AP)—President Truman said today he would vote the straight Democratic ticket just as he always does.

In connection with the luncheon, Truman made plain that Governors J. Strom Thurmond of South Carolina and Fielding Wright of Mississippi were not invited to attend.

Wright and Thurmond headed the State Rights ticket, which opposed the regular Democratic ticket which nominated and elected Truman in 1948.

The president was asked whether he would vote the straight Democratic ticket or whether they had not been invited Democrats.

The president wouldn't take any position on the Democratic senatorial primary race in Indiana. He said that in his own state of Missouri he is confident Emory Allison, whom he has previously endorsed, will win the Democratic nomination to run against Senator Donnell (R-Mo.).

### International Authority To Supervise Arms Reduction Is Proposed by U. S.

LAKE SUCCESS, June 22.—(AP)—The United States asked the United Nations today to set up an international authority to supervise and check on the reduction and regulation of ordinary arms and armed forces.

The proposal has been circulated among delegates to the U. N. commission for conventional arms administration in preparation for a discussion by the commission's working committee.

Conventional arms are rifles, artillery, naval and aircraft and almost all other weapons except the atom bomb and weapons of mass destruction.

The U. N. document proposes that a conventional arms administration should be made up of countries represented in the UN security council. Functioning at UN headquarters, it would receive information on arms from each nation, check on the information, and report violations of the arms code as they are found.

The administration would operate on simple majority rule, without any veto power, but its decisions would have to be passed on by the security council, in which the five big powers and permanent members have a veto.

### Tax Bill's Fate Is Uncertain At Hands Of Truman

WASHINGTON, June 22.—(AP)—President Truman declined today to say whether he would sign or veto the tax bill now pending in congress. He noted that it may be changed a lot before it ever reaches him.

Asked at a news conference what he thinks about the bill, Truman said he never expresses his attitude on such measures until congressional action has been completed.

Then, he added the tax bill is subject to a lot of changes.

The bill has just been completed by the house ways and means committee. The house will vote on it next week. Once passed by the house, the measure would go to the senate which could rewrite it entirely.

The bill cuts excise taxes by an estimated \$1,010,000,000 a year and raises taxes on big corporations. A house vote is set tentatively for next Wednesday.

Top Democrats predicted passage of the bill, but the senate will act in time for the tax reductions to become effective September 1 on fur coats, jewelry, movies, cosmetics, pocketbooks, travel tickets, and scores of other items.

The bill cuts in half the 20 per cent tax on many retail items and exempts some from any tax at all.

### Attlee Staking Cabinet Life On Schuman Policy

LONDON, June 22.—(AP)—Prime Minister Clement Attlee called on parliament today for a vote of confidence in his Schuman plan policy.

Attlee and five of his ministers laid before the House of Commons a motion asking unqualified support of the government's decision to remain out of the six-nation talks in Paris on pooling Western Europe's coal and steel industries.

The motion by Attlee and his ministers is in the form of an amendment submitted two days ago by Conservative Leader Winston Churchill and Liberal Party Chief Clement Davies. Debate opens Monday and the vote is expected the following day.

A government defeat would mean dissolution of parliament and new general elections. Labor has a working majority of eight in the House, with some members on the sick list, but government circles expect some Conservatives will abstain from voting.

Britain stayed out of the current Paris talks on the Schuman plan because of aversion to committing itself in advance to the principle of a high authority over coal and steel whose decisions would be binding.

### Truman Says U.S. Can't Afford 70 Group Air Force

WASHINGTON, June 22.—(AP)—President Truman said today the country can not pay for a 70 group air force. The president made this observation at a news conference commenting on pending legislation to congress to authorize that strength for the air arm.

Truman said it didn't make any difference how many air groups were authorized—that the question was how many the budget would allow.

Asked whether the country could pay for an air force that large and stay within its budget he said the country can't pay for 70 groups.

The legislation in congress does not say that the air force should have 70 groups. It merely sets that as the goal for the future. The actual size of the air force, under the bill, would depend in the end on how much money congress appropriated for it.

Actually, the "group" is a highly variable and indefinite term. It varies with the type of planes. The present ranging from 30 bombers to 75 fighters. The air force now has about 48 first line groups.

In congress the situation is this: The senate and house have each passed separate bills dealing with what sort of air force should be maintained. A senate-house committee has not worked out a compromise but the senate and house have not acted finally on it.

Final passage of the measure would mean the end of the present range of the present air force situation.

The bill sets the air force ceiling at "not to exceed 70 groups" plus separate squadrons, reserve group, supporting, auxiliary and other units as may be needed. It allows the secretary of the air force to determine what buying of planes is needed for that force.

### San Angelo Gets Temple Of Shrine

LOS ANGELES, June 22.—(AP)—The Shrine of the Virgin Mary more than one temple at a time in a county—a move which may clear the way for establishment of one in Long Beach, Calif.

San Angelo, Texas, and Albany, Ga., were granted one-year probationary quarters to form temples today.

### 30 Persons Injured When Ceiling Of Theatre Balcony Falls On Patrons

REDWOOD CITY, Calif., June 22.—(AP)—Thirty persons were injured Wednesday night when the ceiling over the balcony of the Sequela Theatre collapsed and showered in tons of debris.

Fifteen were injured enough to need hospitalization, but only one was in serious condition early today. The others required only first aid.

Mrs. Vangle Case, 34, of Redwood City, was still unconscious in Palo Alto Hospital several hours after the accident. She either jumped or fell from the upstairs loge seats in front of the balcony. She was not in the area where the plaster fell. No one was certain in the confusion which followed the crash.

Her husband, Dr. Robert Case, a staff member of the Palo Alto Hospital, said her injuries consisted of a possible concussion, possible internal injuries and a broken finger. First report that her legs were broken in the 30-foot drop to the main floor were not borne out by hospital reports.

Six other persons were taken to the Palo Alto Hospital and eight to the San Mateo Community Hospital. None of the injuries, besides those of Mrs. Case, was considered serious.

The accident occurred about 15 minutes before midnight, when most of the patrons had already left.

The crash of the ornamental plaster and wire lath reinforcing came suddenly with a roar like thunder and seemingly dropped in a single sheet, said police officer William Goldsmith, who was attending the show at the time. Another policeman, Phil Bray, said the collapse was "like an earthquake." A brief panic among patrons immediately died down.

Redwood City Fire Chief Joseph Edlin said the ceiling seemed to have given away in the center and just "peeled off" to the sides. He estimated that about 10 tons of plaster and reinforcing fell.

### HOUSE MUST CONCUR WITH STOP-GAP ACT

Emergency Steps Necessary To Save Expiring Statute

WASHINGTON, June 22.—(AP)—Congress today voted a stop-gap, 15-day extension of the draft law, due to expire at midnight Friday, following house approval of a Senate emergency resolution.

WASHINGTON, June 22.—(AP)—The senate today approved a stop-gap, 15-day extension of the present draft law due to expire at midnight Friday.

The resolution now goes to the house for action. The senate's approval came on a voice vote.

The action was taken at the request of Senate Democratic Leader Lucas of Illinois who told the senate he feared congress could not complete work on a longer extension before Friday's deadline. The new deadline is July 9.

The house already has passed a bill extending the selective service act for two years, but retaining congressional control over actual drafting or inductions.

The senate is considering a bill to extend the law for three years, with no limit on present presidential authority to order men to service.

Lucas noted that senate approval of its measure would send the issue to a senate-house conference. He said he doubted that senate-house differences could be resolved in time to permit Truman to sign the bill before Friday midnight.

Before acting on the emergency extension, the senate was told that the draft law probably must be a permanent part of America's defense.

Senator Cain (R-Wash.), a member of the senate Armed Services Committee, said:

### Acheson Predicts New Period Near In 'Peace Quest'

CAMBRIDGE, Mass., June 22.—(AP)—Secretary of State Acheson declared today the United States and all allies "are on the threshold of a new period" in their quest for peace.

Despite the obstacle posed by the "inordinate ambition" of Soviet leaders, he said, war is not inevitable.

"We are building our strength," Acheson said in a speech prepared for the Harvard University Alumni Association, "in order that we may eliminate the conditions which lead to war."

"First, our strength is essential to a progressive and successful resolution of the difficulties which would beset the international community."

"The second purpose of our strength is to enable us to carry ahead a creative relationship with the other nations of the free world."

"We are building our strength in a single sheet, said police officer William Goldsmith, who was attending the show at the time. Another policeman, Phil Bray, said the collapse was "like an earthquake." A brief panic among patrons immediately died down.

Redwood City Fire Chief Joseph Edlin said the ceiling seemed to have given away in the center and just "peeled off" to the sides. He estimated that about 10 tons of plaster and reinforcing fell.

## BOOK OF JONAH COMES TO US WITH MESSAGE OF GOD'S LOVE

A Book Often Misunderstood—A New Testament Message In Old Testament Book—Answers Questions On Which We Need Assurance—More Than a Fish Story

By WILLIAM T. ELLIS and EARL L. DOUGLASS.

Standing on the highest point of the ruins of Nineveh, which is the site of Sennacherib's palace, and the scene of Layard's famous excavations, one may trace the fallen walls of the ancient capital and understand the city's extent. The spot is now uninhabited except for a little mosque which contains the reputed tomb of Jonah. Today, it is a spot on the desert landscape. But centuries ago this city was fully as important as New York, London or Moscow, and nations trembled before its might more than any nation trembles before the might of another nation today.

A Hard Assignment. No wonder Jonah was terrified when he was ordered by God to go to this mighty city and call it to repentance. To ask an American preacher today to go to Moscow and, standing at the gates of the Kremlin, tell Joe Stalin and his fellow conspirators what we all think of them would be an easy assignment compared with the one Jonah had. So Jonah, in the face of horrifying possibilities which the trip to Nineveh might involve, took ship for Tarsish, which was probably a Phoenician settlement in Spain.

The story is familiar to us all. A great storm arose, and the sailors concluded that someone aboard had offended God. When the lot pointed to Jonah, he confessed, and in an accession of courage, bade the men throw him overboard. The sailors behaved magnanimously—read the story—but finally overboard Jonah had to go. Then follows the story of Jonah's being swallowed by the great fish and later vomited out on a dry stretch of seashore near the city of Nineveh which he was trying to avoid. The lesson would seem to be that the beneficent hand of God always brings us back again to our duties if we are foolish enough to try to run away from them. Nineveh was almost starting Jonah in the face, and there was nothing to do—dangerous and unpleasant as the task was to which God had sent him—but to go ahead and obey.

His success was phenomenal. The city—from king to the lowliest commoner repented at Jonah's preaching. The doom that Jonah had prophesied did not descend upon the city. But was Jonah pleased? Not at all; he went into the dumps because he thought his personal prestige had been affected. He cared more for his own personal reputation than he did for Nineveh's salvation. Jonah had told the people of Nineveh with great relish that God would destroy them and their city, and now God was sparing them. It looked to Jonah as if he had been double-crossed, and he was so provoked by what he considered God's shabby treatment of him, that he asked the Almighty to take away his life. The upshot was that God taught Jonah a lesson about His care for people everywhere. He made it clear to His prophet that He is interested at all times not in punishing the wicked but in converting them to righteousness. God's ways are not always clear to us, but by paths beyond our understanding we enter into

somehow of the patience of God who is always working out larger designs than we can comprehend. Message of Love.

Strange as it may seem, the Book of Jonah, about which so much controversy has raged because of the fish story, is really a book filled with the spirit of the New Testament although set right down in the Old Testament. For the book teaches the outreach of God's love. It appears a self-evident truth that God must care more for us than for any other people on the earth. And that He should actually love people of other races, supporters of outrageous forms of government, cruel oppressors of mankind as much as He loves us, is a hard teaching for the most Christian amongst us to take.

Love the Assyrian? cried Jonah. The very thought was revolting. And we today ask like questions. Love the Germans and Japanese who only a few years ago were letting loose every devilish contrivance of destruction against us? Love the Russians with their oppression and espionage? There's a limit to all things.

Yes, in all things but God's love. And as He is, so must we try to be if we would serve Him honestly and faithfully. We have to put aside bitterness and desire for revenge. Attitudes like that have kick-backs which may hurt us more than they hurt our enemies.

We are living today in a world which is being remade. Vast designs are under way, designs which will ultimately vindicate God's goodness and care. He is doing something with and for humanity. This is not a day for narrow nationalism, racial intolerance, contempt for the mission-ary enterprises of the church. This is a day for a fresh realization that "God so loved the world."

## TEXANS In WASHINGTON

WASHINGTON, June 22.—(AP)—Most tourists who come to Washington never see how laws are really made. Usually they get only a glimpse of the senate and house. Some 200 young farm folk, here for a national meeting of 4-H Club leaders, were fortunate enough to get an inside peep at the legislative machinery.

Four Texas youngsters were among them. They were Joyce Ann Marek, Victoria; Doris Rudolph, Fashing; Richard Luensmann, Marion; Bruce G. Gibson, Turkey.

The young farmers attended a session of the house agriculture committee over which W. R. (Bob) Poage of Waco presided.

Poage Explains Routing. While they listened eagerly, Poage outlined to them the steps that are necessary in the enactment of a law. Discussing the course of farm legislation, he said it first must be studied thoroughly by the agriculture committee to get the views of both proponents and opponents.

Over the years members of the various committees get to be authorities on the subject matter handed by their own group. It is understandable, therefore, why the recommendations of a committee usually determine the fate of a bill when it comes up for a vote on the floor of the house or senate.

This is one reason why only a handful of legislators may be on the floor when a measure is under discussion, particularly of the bill is of interest to only one part of the country or a limited number of people.

So many bills go through the legislative mill that no congressman can know about them all; therefore he must rely on the judgment of his colleagues who have studied the proposal in committee.

Consequently, a great many tourists sit in the spectators' galleries briefly to hear a lawmaker address an almost empty chamber. This is particularly true in the senate. With no limitations on debate, except in rare cases of cloture, a senator may expound at length on a subject not even remotely connected with legislation under consideration.

The more lucky among the sightseers are those who happen into the galleries when a controversial issue is under debate and a vote is impending. Then you'll find most of the legislators present and best chance of good oratory.

Boy Scouts Next.

Among other large groups of visitors in the next few days will be Boy Scouts passing through here enroute to their big Jamboree at Valley Forge, Pa. Rep. Olin E. (Tiger) Teague of College Station, who has two Boy Scout sons, got together ahead of time with Reps. Omar Burleson and George Mahon to arrange a schedule for Scouts from their districts. A high spot for the boys will be Federal Bureau of Investigation.

Cedar Creek Baptist church will hold regular services Sunday. Sunday school beginning at 10 o'clock with the superintendent, Harold Nichols, in charge. Preaching at 11 a. m. and 8 p. m. The pastor, Rev. W. T. Allmon, will bring the message at both hours. Choir practice Tuesday night at 8 o'clock. A welcome is extended to the public.

### Mesa Verde Movie Seen At Meeting Of Civitan Club

A color movie showing the scenic and historical wonders of Mesa Verde national park in Colorado was shown to the members of the Corsicana Civitan Club Thursday. Brought by O. T. Vinson and shown by Glen Thompson, the film showed the cliff dwellings of primitive Indians who for an unknown reason abandoned their dwellings intact hundreds of years ago.

Dr. Chet C. Benson, new pastor of the First Methodist church here, and Rev. Cecil Taylor, new pastor at the Eleventh Avenue Methodist church here, were special guests.

Russell Purifoy was named by the program committee as chairman of that group.

President Morris Battle gave an account of the Civitan International Convention, being held currently in Dallas and environs. Several members of the club were absent from the meeting Thursday and were in Dallas attending the convention.

Other guests were R. W. Knight, manager of the Corsicana Chamber of Commerce; Robert Waddell, Russell Purifoy, Jr., and R. E. Dollar of Dallas.

Laredo Advances To 50,000 Class In 1950 Census

By The Associated Press  
The Texas border city of Laredo has jumped into the 50,000-population class.  
The city's population was announced as 51,684, up 12,420 over 39,274 in 1940.  
Nuevo Laredo, Mexican city just across the Rio Grande, has a new population figure of 57,000. This gives the two Laredos a total population of more than 100,000.  
Other valley towns also showed sharp population rises. McAllen almost doubling and Edinburg picking up more than 3,000.  
McAllen was announced 20,005, compared with 11,877 in 1940, a gain of 8,128.  
Edinburg, second largest city in Hidalgo county, was announced as 12,840, a gain of 4,622 over 8,218 in 1940.

Raymondville Doubles  
Raymondville showed a 125.5 per cent increase from 4,050 in 1940 to 9,135, a gain of 5,085.  
Crystal City grew from 6,529 to 7,190, a gain of 661, and Eagle Pass climbed to 8,881, a gain of 2,522 over 6,359.

Meanwhile new figures on four other counties—three along the middle coast—showed two losing and one gaining.

Jackson county gained 1,169, from 11,720 to 12,889. Matagorda county gained 1,453, from 20,066 to 21,519. Wharton county lost 192, from 36,188 to 35,996. The figures were announced by the Galveston district office.

The Nacogdoches district census office announced at 10,013 population for Trinity county, a 3,692 loss from 13,705 in 1940.

Wharton county's two largest cities gained despite the county's loss. Wharton gained 70, from 4,386 to 4,456, and El Campo jumped from 3,906 to 4,216, a gain of 310. Edna, in Jackson county, gained 1,121 from 2,724 to 3,845. Bay City, in Matagorda county, gained 2,824, from 6,594 to 9,418.

Meanwhile other reports from lower Rio Grande Valley counties and towns showed gains.

Elia, in the heart of the valley's Delta Lake area, jumped from 1,006 in 1940 to a present population of 3,175, an increase of 2,169 per cent.

Other Valley Figures  
Other figures released by Howard F. Lambe, census supervisor for the 15th congressional district, show:

La Feria with a 1950 population of 2,937, an increase of 1,293 residents.

Haltom City 23,202, an increase of 9,896 from 13,306 in 1940.

Edcouch, 2,926, compared to 1,758 ten years ago.

San Benito, 13,264, an increase

of 3,763 from 9,501.  
Dimmitt county showed 10,588 residents, an increase of 2,046 or 23 per cent.

Frio county increased 12.3 per cent to a present population of 10,327.

Present population of Dimmitt county towns included Carrizo Springs 4,343, Asherton 2,416, and Big Wells 1,074.

The two Frio county towns showed a present population of 4,461 for Pearshall and 1,798 for Dilley.

## Ballot Stubs Are Destroyed By Officials

Stubs from ballots of a number of elections held in Navarro county the past several months were destroyed Wednesday morning in the presence of J. A. P. Hufstutler, county judge, and J. C. Gaston, district clerk, in accordance with the new secret ballot law.

Gaston burned the stubs in a metal barrel on the north side of the courthouse yard as the two judges looked on.

The stubs were from the bond assumption indebtedness, Sept. 3, 1948; maintenance tax, Aug. 13, 1949; annexation Kerens school district, July 30, 1949; junior college maintenance, Sept. 22, 1949; constitutional amendments, boards of education, Sixth district senator, representative, Nov. 8, 1949; election of two city commissioners, Corsicana, April 4, 1950; Kerens city election, April 3, 1950; Rice city election, April 4, 1950.

**HARPER NOMINATED**  
WASHINGTON, June 22—(AP)—Horace W. Harper of Texas, has been nominated by President Truman to be a member of the Railroad Retirement Board. Harper's term would expire August 29, 1954. Harper is from Houston and has long experience, the White House said, in railroad mediation.

**LIGHTNING FATAL**  
FRIEDRICH, June 22—(AP)—A year ago lightning knocked a soft drink bottle from the hands of Charles Sappal as he sat at his fishing camp on the Little Manatee river. Lightning struck again Wednesday in the same spot. This time a bolt caused the death of Sappal, who was 67.

MISS MARY LOU COCKE

## MISS MARY LOU COCKE WILL MARRY RICHARD DONNELLY IN GARDEN RITES JULY 29

Miss Mary Lou Cocke will become the bride of Richard Donnelly of Fort Worth July 29 in a garden ceremony at the home of her parents, Mr. and Mrs. R. R. Cocke, Jr., 1550 W. Fifth avenue.

Parents of the fiancée are Mr. and Mrs. George A. Donnelly of Fort Worth. Miss Byron Cocke, sister of the bride-elect, was hostess at a buffet luncheon Wednesday, announcing the engagement. Their home, decorated with garden flower arrangements, was the setting for the occasion.

A theme of yellow and white governed the dining table decor. Roses, asters and Shasta daisies in a silver wine cooler formed a graceful centerpiece from which extended white satin streamers lettered in gold with the names of the betrothed couple and nuptial date. Mrs. Byron Cheney, aunt of the bride, and Mrs. Alice Vickers of Fort Worth, aunt

of the bridegroom, presided at the table.

Miss Byron Cocke will be maid of honor in her sister's wedding. Mrs. J. N. Wheelock, Jr., has been named matron of honor. Bridesmaids will be Mrs. R. R. Cocke, III, of Austin and Mrs. P. D. McConnell of Fort Worth, sister of the bridegroom.

George A. Donnelly, Jr., of Odessa will attend his brother as best man. Groomsmen are to be R. R. Cocke, III, of Austin, W. W. Taylor, Jr., of Snyder and Dan Walker of Fort Worth. A graduate of Corsicana High School, the bride-to-be received her Bachelor of Science degree from the University of Texas in June. There she was a member of Zeta Tau Alpha sorority.

A Fort Worth high school graduate, the bridegroom also was graduated from the University of Texas, where he was a member of Kappa Sigma fraternity.

## NANCY VIOLA SIMPSON AND JOSEPH G. LAUMEN, JR., ARE MARRIED IN DENTON RITES

Corsicana friends have received announcement of the marriage of Miss Nancy Viola Simpson, Dallas, and Joseph Gerhard Laumen, Jr., Palestine, in a Saturday ceremony at Denton's Little Chapel-in-the-Woods, Texas State College for Women campus.

The bride is the daughter of Mr. and Mrs. A. P. Simpson of Christoval. Her father, now retired, was a well-known businessman in Corsicana.

Graduate of TSCW, where she belonged to Phi Upsilon Omicron, honorary home economics fraternity, and did graduate work in dietetics at the University of Michigan Hospital. Mr. Laumen, son of Mrs. Joe G. Laumen, Palestine, and the late Mr. Laumen, is a graduate of Southern Methodist University, and did graduate work at the College of the Pacific in California.

The Rev. Frank McDonald Spindler of Hempstead, Waller county, read the ceremony. The bride, given in marriage by her father, wore a chapel length red-tinged white chiffon over a crepe sheath. Its tucked bodice had tiny covered buttons that extended to the waist. Her headpiece was a white cloche, to which was caught a shoulder-length veil of imported illusion.

She carried a bouquet of white water lilies and nymphaeas, surrounded by miniature green and white cadizium leaves. Miss Martha Jeanne Laumen, Palestine, sister of the bridegroom, was maid of honor, and C. O. Laumen, also of Palestine, his grandfather, was best man. A. D. Sures, Jr., Palestine, and Dean K. Leaman, Rosenberg, ushered. Mrs. H. A. Quate of Kerens and Corsicana played the organ. At a reception at Hubbard Hall after the ceremony, Mrs. Laumen and Mrs. Harry H. Farrag of Long Beach, Calif., cut the cake and registered the guests.

Georgia Wedding Trip  
For a wedding trip to Sea Island, Ga., the bride wore a navy blue gabardine suit with natural straw accessories and navy shoes. Her corsage was of white orchids. The couple will live in Palestine. The bride, dietitian for the past three years at Baylor Hospital, is a member of the American Dietetic Association and the Dallas

## Travis County Paces Growth In Tenth District

By The Associated Press.  
Texas' Tenth congressional district has gained 27,224 population since 1940, thanks to Austin and Travis county.

Eight of the 10 counties in the South-Central Texas district lost population, complete figures announced today showed.

But spectacular growth in the capital city and Travis county pulled the district into the gain column.

Travis county gained 49,328 from 286,110 in 1940 to 335,438. Austin gained from 87,930 to 131,064, up 44,034. The only other county to gain was Hays, up 2,445 from 15,349 to 17,794.

Altogether, the district climbed from 1,103,668 to 1,375,922. Almost every major town in the district gained population, despite losses on a county basis. One of the sharpest gains was posted by San Marcos, up from 6,006 to 9,861, a gain of 3,855.

Here are the county figures:  
Bastrop, 19,561, loss of 2,049 from 21,610 in 1940.

Blanco, 3,771, loss of 493 from 4,264.

Burleson, 12,953, loss of 5,381 from 18,334.

Burnet, 10,311, loss of 460 from 10,771.

Caldwell, 19,263, loss of 5,630 from 34,893.

Hays, 17,794, gain of 2,445 from 15,349.

Lea, 10,111, loss of 2,640 from 12,751.

Washington, 20,489, loss of 4,898 from 25,387.

Williamson, 38,700, loss of 2,998 from 41,698.

Figures for other towns in the district include: Bastrop 3,159, gain of 1,182 from 2,976; Smithville 3,351, gain of 281 from 3,100; Elgin 2,155, gain of 1,067 from 2,088; Caldwell 2,098, loss of 67 from 2,165; Burnet 2,361, 416 gain over 1,945; Marble Falls, 2,046, more than double 1,021, gain of 1,025; Graham 5,831, gain of 513 over 5,018; Luling 4,289, loss of 148 from 4,437; Giddings 2,522, 522 gain over 2,166; Brenham 6,919, gain over 6,438; Georgetown, 4,943, 3,681 gain over 3,682; Taylor 9,083, 1,200 gain over 7,875.

## Assessments For Candidates Made

Assessments of candidates seeking nomination in the summer primary democratic elections were set at a meeting of the county committee Monday.

The candidates have until Saturday to make their proportionate remittances to Paul Moore, secretary of the committee. The primary committee members are L. F. Flynn and J. S. Murchison, both of Corsicana; F. P. McCulliston, White's Chapel; P. M. Gladney, Zion's Rest, and Joe P. Davis, Dawson, will meet Monday, June 26, to handle ballots printed.

The assessments:  
County school superintendent, \$800; district clerk, county attorney, assessor and collector of tax, county clerk and sheriff, all \$350 per office; county judge, \$275; county commissioners, \$300 per precinct; constable, precinct 1, \$200; justices of the peace, Precinct 1, \$40 per office; constable and justice of the peace, Precinct 2, \$5 each; constable, Precinct 3, \$25; Justice of the peace, Precinct 3, \$15; constable and justice of the peace, Precinct 4, \$7.50 each; constable and justice of the peace, Precinct 5, \$10 each; constable and justice of the peace, Precinct 6, \$5 each.

## BRIDE ADMITTED

WASHINGTON, June 22—(AP)—A bill allowing a West Texas' Japanese bride-to-be to enter this country has been signed by President Truman. Norman L. Compton, State Route 1, Amarillo, Tex., applied to marry Hisako Nakane while he was in service in Japan during the war.

## Reversals Issued In 2 Rape Cases

AUSTIN, June 22.—(AP)—Two convictions of rape have been overturned by the court of criminal appeals.

Judgment was reversed and prosecution ordered dismissed for Charley Brock, sentenced to 30 years on a charge of rape of a 13-year-old baby sister in Nacogdoches.

The indictment of Brock, the appeal court said, did not include the phrase "against the peace and dignity of the state" as required by mandatory provisions of the state's constitution.

"Such an indictment is fatally defective," the court ruled.

Judgment was reversed and the case remanded for Michael Pedrosa, sentenced to 20 years from Dallas county on a charge of rape of an 11-year-old girl of Latin-American descent.

The appeal court found a variance in the spelling of the name of the victim in the indictment and the actual spelling, noting that the two versions did not sound the same either in English or Spanish.

## Record Supplies Of Pork Sighted

WASHINGTON, June 22.—(AP)—Near-record if not record peak time supplies of pork next fall and winter also indicated by an agriculture department report.

The big volume should be accompanied by a down turn in pork prices from the seasonal summertime peak.

Beef Supplies Up.

The report of increased pig production comes on top of an earlier department forecast of larger slaughter of beef cattle next winter than last. Together, they add up to considerably larger meat supplies for consumers.

The report estimated that 1950 spring pig crop at 60,070,000 head, an increase of three per cent over last year's spring crop of 58,426,000 head.

The ten-year (1938-48) average spring crop was 55,191,000 head and the largest of record was 74,228,000 in the year of 1943. Last December the department predicted a spring crop of 62,500,000 head.

Fall Forecast.

The 1950 fall crop was forecast at 59,000,000 head, an increase of 5 per cent over last year's fall crop of 57,262,000 head. The 10-year average fall crop was 53,230,000 and the largest of record was 47,884,000 also in 1943.

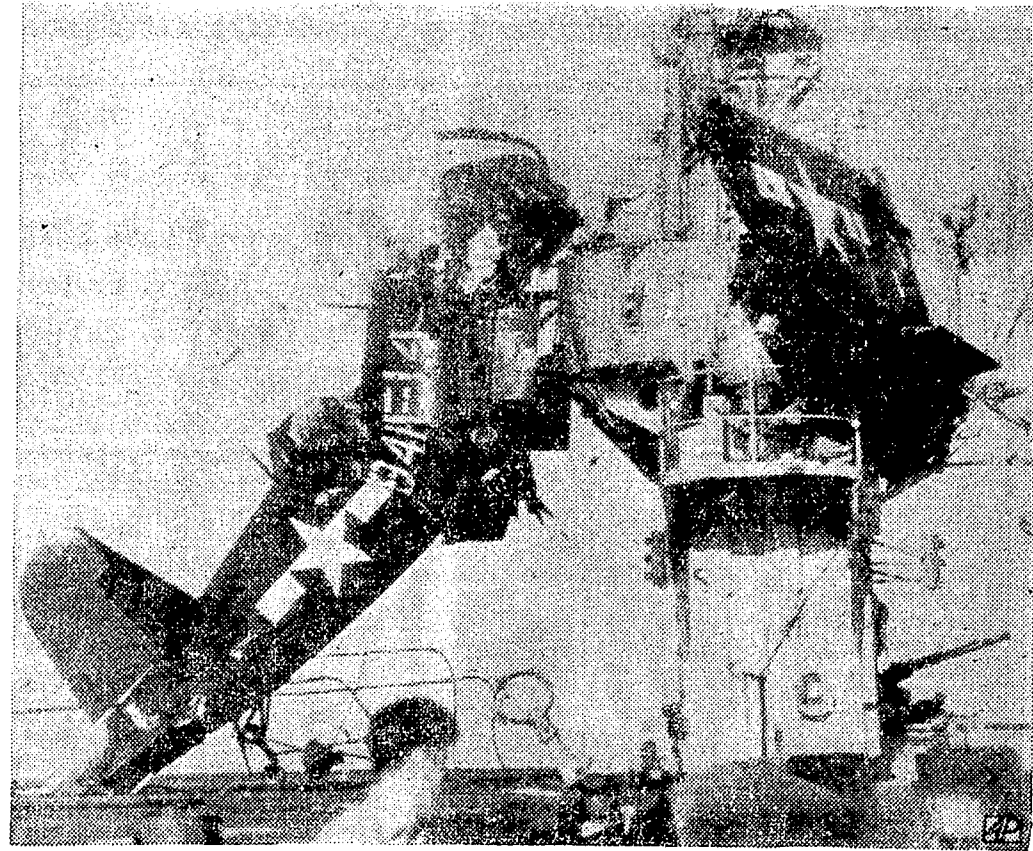

The 1950 spring pig crop compared with last year's spring crop by major producing states included: Oklahoma, 710,000 and 655,000; Texas, 1,254,000 and 1,248,000.

## Corsicans Get Exeter Recognition

George F. Baum, Jr., was one of the 112 students at Phillips Exeter Academy, New Hampshire, on June 15th who received awards in the annual Prize Day exercises. The young Corsican was awarded the First National Gordon Bible Prize, with Principal William C. Sisson in charge of the presentation. The annual prize ceremony is the opening function in the commencement weekend which terminated on June 18th when 220 seniors received graduation diplomas.

Among the graduating seniors representing 39 states and 11 foreign countries, was Harrison Fendley of Corsicana and C. Adair Dyer, Jr., of Dallas.

The graduation ceremonies were held in Thomson Gymnasium as the concluding feature of the 169th year of the Academy. More than 1200 persons were in attendance.

PLANE DEMOLISHED IN CARRIER LANDING — Flames spurt from the engine and fuselage jack-knives, pinning the pilot, Lt. John H. Laney, in his seat as this Navy F4U fighter plane crashes into the island on the deck of the carrier Prince William during training flights Feb. 24, 1945. The right wing of the plane, torn off by the impact, flies past the tower (right). The pilot was saved. Five deckmen were injured. Pictures of this crash, which appear in a current service publication, Aviation News, were made available for general circulation May 14. (AP Wirephoto).

## Brotherhood Is Held Tuesday At Shiloh Church

A total of 130 men and boys attended the June meeting of the county Baptist Brotherhood at the Shiloh church near Dawson Tuesday night when Corsicana laymen brought the program.

The July meeting will be held at the Navarro Mills church—the annual watermelon party—and the members will bring their families, T. S. Patrick, president, announced.

Churches represented included Blooming Grove, First, North Side, Memorial and Emmanuel of Corsicana, Dawson, Emhouse, Frost, Navarro Mills, Shiloh, Richland. Visitors were present from Galveston and Corsicana.

A sing-song was conducted by Roy Holcomb of Corsicana with W. B. Dunn of Frost at the piano. J. W. Poole, president of the Shiloh Brotherhood, welcomed the visitors.

A committee composed of Revs. W. O. Estes of Dawson, Jack Goff of North Side and Millard Box of Memorial was authorized to purchase a helper or cow to be donated to the Latham Springs Enclave. Nine cows are to be placed at the Enclave. The committee will raise \$150 for this project. Ample grass is available at the Latham Springs property to support nine cows.

Roy Bristow, Corsicana, introduced the following program on Old Testament characters:

Abraham—Joe Stuen.  
Moses—Everett Whittenburg.  
Jacob—L. O. Taylor.  
David—W. W. Green.  
Daniel—J. M. Griffin.

Refreshments were served following the program.

## Funeral Rites Of J. E. Harville Held Wednesday

Funeral services for J. E. Harville, 78, who died at his home east of Corsicana Tuesday morning, were held Wednesday at 4 p. m. from the Corley Funeral Chapel. Burial was in the Ferris cemetery. The rites were conducted by Rev. Peyton Goodman, pastor of the North Corsicana Methodist church, and Rev. Jack Goff, pastor of the North Side Baptist church.

Surviving are his wife, Corsicana; a son, E. E. (Pete) Harville, Corsicana; a daughter, Mrs. E. L. Engbrook, Houston; four grandchildren and three great-grandchildren.

Palbearers were B. A. Turner, Cato Shearer, A. J. Tinkle, Lloyd Collard, Robert Joyner, L. D. Patterson, Homer Reames and Alton Martin.

## First Seven-Day Dry Spell Aids Farming Progress

AUSTIN, June 22.—(AP)—A full week of dry weather was a boon to Texas farmers in catching up with field work, the U. S. Department of Agriculture said today.

Its crop report covered conditions through noon Tuesday and did not take into account subsequent rains.

The week ending Tuesday noon was the first full seven days of open weather over the entire state since the drought-breaking rains of mid-April. Wheat harvesting was in full swing in the low rolling plains, and in southern and central counties of the high plains.

All areas made excellent progress in cultivating growing crops, making hay and chopping cotton. Cotton made excellent progress un-

der ideal growing conditions. Ranges and pastures were supplying generous quantities of grain and feed over most of the state and all classes of livestock were doing well, the USDA roundup noted.

## Record Damage Settlement Made To Dental Surgeon

HOUSTON, June 22.—(AP)—A damage suit settlement for \$152,000 has been recorded in district court at Galveston.

The plaintiff was Dr. James L. Rout, Texas City dentist, who was one of those injured Oct. 18, 1948, when a cloud of gas escaping from a broken pipe line near Texas City ignited and enveloped 15 automobiles that had stalled on Highway 146 near Texas City.

Several defendants. Republic Oil Refining Co., Monsanto Chemical Co., Pan American Refining Corp., Stone Oil Co., and the companies' insurance carriers.

Defendants were the Republic Oil Refining Co., Monsanto Chemical Co., Pan American Refining Corp., Stone Oil Co., and the companies' insurance carriers.

The plaintiff, said it was the largest individual damage suit settlement ever recorded in Texas and the third largest ever sustained by courts in the nation.

Depositions in the Rout suit comprise more than 1,800,000 words of testimony from some 95 wit-

## Mesquite Brush Causing Trouble For West Texans

WASHINGTON, June 22.—(AP)—Two West Texas ranchers want something done to stop the prolific growth of nuisance brush in their part of the country.

Discussing the problem with Agriculture Department officials were Clayton Puckett and Horace Fawcett of Del Rio.

Rep. Fisher (D-Tex.), who accompanied the pair in their conference with Assistant Secretary of Agriculture Knox T. Hutchinson, said that Mesquite brush covers some 55,000,000 acres in West Texas and its density has doubled in the past 15 years.

The ranchers told of privately-conducted experiments in Texas in which a chemical has been sprayed from planes with limited success.

"It is a serious problem," Fisher told a reporter.

"The dense mesquite brush, the less sunshine on the ground and the less grass available for cattle and sheep."

Fisher said Hutchinson could make commitments as to what the department might do, but indicated extensive research may be conducted to find some chemical which will effectively eradicate brush, but leaves grasses unharmed.

## Mrs. Kirkland Is Honored By WMA

A planter's lamp with ivy was presented to Mrs. A. J. Kirkland at the meeting of the Missionary Baptist WMA Monday afternoon at the home of Miss Marie Smith, 617 S. Fifteenth street.

Mrs. Kirkland, minister of the church, soon will leave with her family for Henderson.

After Mrs. Kirkland's resignation as reporter for the society was accepted, Mrs. M. G. McNeill was elected to fill her unexpired term.

Plans were made for the Navarro County Workers' meeting Friday morning at 10 o'clock at the Missionary Baptist Church.

A program committee reported plans for the meeting of the Navarro County Women's Auxiliary June 27 at Pleasant Grove, where Children's Day will be observed.

"I Am Thine, O Lord" was the opening song and Mrs. E. A. Keller led the opening prayer. The devotion was given by Mrs. E. T. Wyrick. Cards of sympathy were sent to the ill and bereaved. The dismissal prayer was led by Mrs. Gladys Beaman. Cake and ice cream were served.

## Speaking Dates For Candidates Being Arranged

Candidates decided Monday on speaking dates and tours in the county prior to the first primary election, July 22, and appointed a committee to draw up a schedule.

The committee is composed of A. P. May, district judge; J. C. Watson, county superintendent; and Joe D. Huffstutler, county judge.

Mays is not a candidate this year—having two more years on his four-year term, starting two years ago, and the other two members are running for re-election unopposed.

ARRAIGNED IN UNION SLAYING—Eyes downcast, Benedetto Macri, 37, enters General Sessions Court in New York for arraignment on a first-degree murder charge in connection with the daylight knife slaying of William Lurie, garment workers organizer, a year ago. Macri, remanded to jail after pleading innocent, surrendered himself to columnist Walter Winchell. Another suspect is still at large. (AP Wirephoto).

nesses and are contained in 38 volumes of 12,000 pages. Attorney Frank Parks, Rout's counsel said he expended approximately \$20,000 in developing the facts of the fire and explosion through the depositions and in preparing his case for trial. The entire cost of developing the facts probably exceeded \$100,000 for all parties concerned, it was said.

Seriously Injured.

A total of \$600,000 was paid in settlement to persons injured, or the survivors of those killed in the tragedy of which the six clients represented by Parks, including Rout, recovered \$305,000.

Dr. Rout's settlement was so large, it was explained, because his injuries include damage to the tendons of his fingers which will prevent him from practicing his profession of dental surgery. He also suffered serious burns about the head and face, including the loss of both ears.

**FOR GOOD MUSIC**

What is good music? The discussion is endless and without decision, for there are many schools of thought, and few converts are won from one to another. It begins to appear that the radio, instead of promoting a universal form of acceptable music, has introduced further differences of opinion.

All this enters into the fate of FM radio, introduced a few years ago and expected at the time to revolutionize radio broadcasting. So far FM has not made much impression. Mostly this is because music lovers have failed to embrace it in the anticipated great numbers, or so the Federal Communications Commission has been told by Dr. Frank Stanton, president of the Columbia Broadcasting System. He said the more faithful reproduction of music offered by FM has failed to create the wide demand which was anticipated. Listeners seem to prefer the deep-voiced AM radio, with its unnatural predominance of bass notes. This is confusing to the technicians who have spent years trying to perfect more faithful systems of reproduction. And it contributes nothing at all to the settlement of the question: "What is good music?" But as long as we have music, and difference of opinion about it, we need not fear the warning of Shakespeare:

"The man hath no music in himself,  
Nor is not moved with concord of sweet sounds,  
If fit for treasons, stratagems, and spoils;  
The motions of his spirit are dull as night,  
And his affections dark as Erebus:  
Let no such man be trusted."

**RUSSIAN SPIRIT**

A hopeful note as to the Russian situation was struck by George F. Kennan, counselor of the State Department speaking recently in New York. He said:

"In the realm of the organized power of man over man, the forces of retrogression may have asserted themselves for the present, but in the realm of the spirit there is a moral life being led under the noses of the regime and despite anything the regime may do to stop it."

He believes that some day this force may bring about a better government, and Russian spirit may become an active force in public affairs.

The rest of the world does have, however the problem of the present Russian government to live with and to solve as best it can. The will of the Russian people must somehow manage to make itself felt in a concrete way if it is to be taken into account.

**MACARTHUR'S PRECEDENT**

General MacArthur's order, forbidding the 24 members of the Japanese Communist party executive committee from holding office, does exactly what it says and no more. The Communist party is permitted to exist, and may elect a new committee. These particular committeemen are banned because they have been working for a revolution. Significantly enough, the Communist methods strikingly resemble those of the militaristic regime of Tojo. Any party adopting such tactics cannot complain if it feels the heavy hand of MacArthur.

Many Americans have been unable to make up their minds as to what should be done with our own Communist party. Heretofore, all parties have been tolerated under the theory that the nation has the right to vote for whom it pleases,

The Poet Of The People

**THOSE LIBERTY BELLS**

The song of freedom from its tongue  
Rang out when first the bell was rung,  
And now its replica again  
Sings nation-wide the glad refrain.

Today in every state is heard  
The tone which our forefathers stirred,  
Singing for all exultantly  
The glorious song of liberty.

I took the purple rope in hand  
With all the strength at my command,  
And, as the old bell-ringer, tried  
To crack the new bell's precious side.

Old man, thought I, who years ago  
Dealt freedom's bell its final blow,  
I wish this hour I could repeat  
Your ne'er to be forgotten feat.

no matter what his program. The Communists, however, are different. They are purely and simply the agents of an enemy power. Our treatment of them should be governed in accordance with our knowledge of this fact.

**FARMING IN SPAIN**

A government-sponsored shift of emphasis from industry to farming is now on the program for Spain, according to a report from Madrid. For twenty years Franco and his aides have favored industrial development and so-called farm programs, with the result that a serious imbalance now exists.

Speaking at the First National Agricultural Fair, the generalissimo pointed out that Spain's foreign trade depends on her fruit production and her minerals and predicted great progress along agricultural lines during the present generation.

Backward countries seeking to advance are inclined to give primary emphasis to industrial development. But the production of the nation's food also is of primary importance. An enlightened agricultural program, with a happy and productive rural population, is as necessary to a prosperous future as industries to employ the energies of city dwellers.

**SOUTH AFRICA'S LEADER**

Field Marshall Jan Smuts, South Africa's most eminent citizen and one of the foremost of the world, presumably was toughened by his many years of outdoor life, including the three of the Boer War in which he conducted guerrilla operations against Great Britain. Otherwise he would not be recovering so well from sciatica and pneumonia in his 80th year.

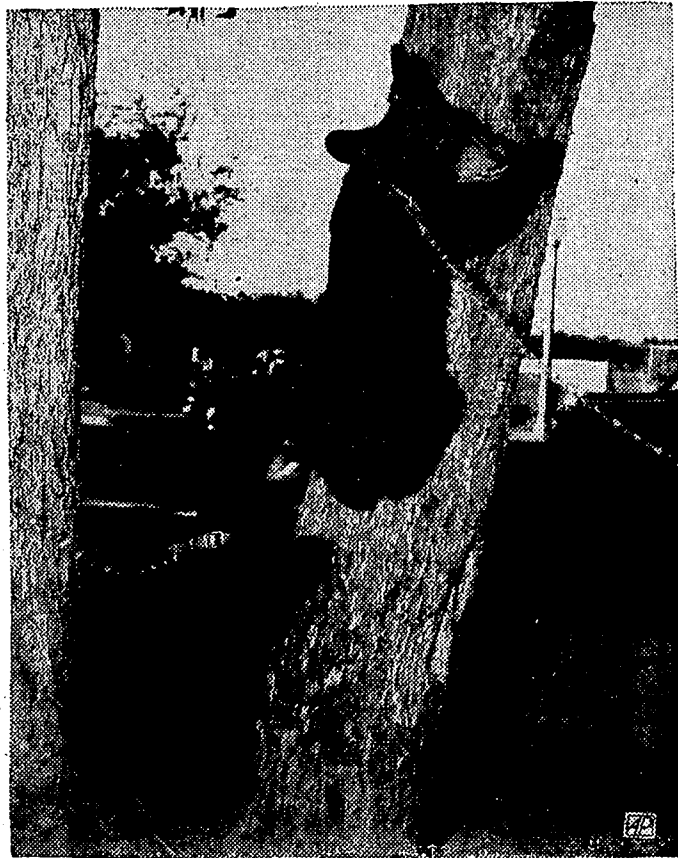

Besides being a warrior, Smuts is a statesman of proved ability. The generous gesture of 1906, whereby the British turned the government of South Africa back to the Boers whom they had conquered in the field, was rewarded by his aid to Great Britain in World War I. With his old companion at arms, Louis Botha, he put down a Boer rebellion; he later served in the British war cabinet. For many years he was premier of South Africa.

One other quality dominates his life. He is a philosopher, having worked out a theory of life which he calls holism. This philosophical attitude must have helped him bear the heavy blow of his defeat a few years ago by one of the most reactionary parties in the world. This is the party led by Dr. Daniel F. Malan, present premier of South Africa, a Nazi sympathizer during the war, and now a contriver of a suppression of the South African blacks which bids fair to blow up in a gigantic racial explosion. Smuts' worst enemies, and he has many who feel bitterly toward him, could not wish to see this happen in his lifetime.

**LAST OF THE BIG FOUR**

Of the Big Four who led the Western Allies in the First World War, Vittorio Orlando, the Italian head, is the sole survivor. Woodrow Wilson, David Lloyd George and Georges Clemenceau have been laid in their graves for many a year, but at 90 Orlando is still active in politics and practicing law. He was considered for the premiership only last year, but party maneuvering prevented.

Frankness compels the statement that the Big Four were called such only by courtesy. Italy did not have the strength of the United States, Great Britain and

France and Orlando was not so vital a figure as the government heads of these three. His chief activity was to cause the near-disruption of the 1919 Peace Conference by demanding that Italy receive Fiume on the Dalmatian coast. When he was refused he walked out dramatically, thus anticipating today's frequent Russian behavior. Eventually he returned, much less dramatically; but with so weakened a hold on public opinion at home that his government fell even before the peace treaty was signed.

One trouble was that his foreign minister, Sidney Sonnino, went his own way, dragging Orlando after. Sonnino, whose inflexibility may have come from his Scottish blood, required a much much stronger superior than Orlando. The Italian failure at the 1919 conference was really Sonnino's, but Orlando got the blame.

In recent years it was to Orlando's credit that he steadfastly opposed Fascism. One of the minor mysteries is how he avoided a concentration camp.

**ELDERS NOT WANTED**

That a worker's age has little to do with his capabilities on a job, up to a point, is the belief of Ewan Clague, the government's commissioner of labor statistics.

The recent drop in unemployment has not affected the large group aged 45 and over, and experts fear that a permanent class of unemployed is being created. "More flexible hiring practices will be needed," says Mr. Clague "in which artificial barriers based on chronological age rather than fitness for the job must be lifted." Government, industry and labor must join in a program to remedy this condition, believes the commissioner.

There are many good working years between 45 and the retirement age, and no one should be arbitrarily condemned to idleness because he falls in this group. The employee of this age has ability, a sense of responsibility, single-mindedness, and other worthwhile attributes which come only with maturity and its settling and sober influence. Added to the presumably thorough knowledge of his job which experience brings, these qualities add up to produce a valuable employee.

**IGNORANT YOUNG GERMAN**

Are German young people different from others? Do they need strong fanatical leadership in order to feel any interest in political or governmental matters?

This question is brought to mind by reports from Frankfurt which describe the young people of Western Germany as apathetic and ignorant concerning such matters. They have no knowledge of what goes on at Bonn and most of them when questioned revealed that they did not know the names of their representatives there.

This situation bodes ill for democracy in Germany. An informed public is the first requisite for successful gov-

ernment, and this age group, under 30, which showed the least interest and knowledge, should be alert to the possibilities of their future, and ready to for it. The recent Russian success with Hitler's methods has shown what can be done with these young people. It is a sad commentary on their mentality and moral state.

**IMPROVING THE CALENDAR**

What happens when Memorial Day comes, as it did this year, on Tuesday? According to Miss Elizabeth Achelis, president of the World Calendar Association, twelve per cent of the workers fail to appear at their jobs on Monday. Any such isolated holiday is a temptation to employees to extend the week-end. If a reformed calendar were adopted, January, April, July and October would always start on a Sunday and would have 31 days. The other months would have 30, and every calendar date would fall on the same day of the week. If Memorial Day fell on a Thursday, it could be shifted to come on Friday or Monday. There is no inherent reason why this holiday should come on May 30 instead of May 29 or 31.

Calendar reform is an alluring project. There are religious difficulties, and perhaps others. But part at least of its program might be put into effect without incurring excessive objection.

**POLITICS IN JAPAN**

Japan is getting Americanized. Proof is found in the conduct of the campaign for the House of Councilors in early June. Quiz programs are introducing the names of candidates. Nominees for office are offering prizes for home runs by local baseball stars. Trucks go about the streets, advertising aspirants for office.

It all sounds like the United States. It is to be hoped that a few sound arguments are slipped in amid all this ballyhoo, and that a genuine basis of democratic government may be developing.

**Baseball-Softball Results Given For Summer Recreation Program**

Results of baseball and softball games played Monday and Tuesday in the Corsicana-YMCA summer recreation program were announced today by Director Jim Compton.

Compton said that total enrollment of the first two weeks was 362, as compared with an enrollment of 380 at the end of June in 1949. Average daily attendance is 280-187 boys and 95 girls—somewhat better in proportion than the attendance for the same period last year. Of the 362 now enrolled, 282 are boys and 187 are girls.

Attendance during the first two weeks was held down somewhat by conflicts with several other types of youth activities elsewhere in the city, Compton said.

Tuesday the Travis area girls defeated the girls in the central area in softball, 14-10. Last week, the Zion's Rest girls beat the Travis girls, 18-10.

Monday in the 9-10-11 age baseball group, Lee beat Travis, 16-13 with Noble and Tekell sharing the pitching duties for the winners. They struck out six batters between them, and Walter Williams, who pitched for Travis, struck out five. Dale Wood of Lee led the hitting with 3 hits in 4 trips.

Monday in the same age group, the Sam Houston boys notched an 11-6 victory over Zion's Rest, with Dickson and Ray of the winners striking out 10 Zion's Rest batters between them. Benny Ross pitched for the losers, striking out 6 batters. Zion's Rest got 8 hits, with Owen, Goodman, Talkington and Hughes getting them.

Only one game was played

Tuesday in the 12-13 age group, where Travis beat Lee, 11-1. Billum Doss of the Travis crew buried a no-hit ball game, struck out five and walked five. Bill Lord and Sonny Walker led the hitting for Travis. Braselton pitched for the losers, with Roper bringing in the lone Lee run on a walk and an error.

Tuesday in the 14-15 age group, Travis nosed out Lee, 3-1, with Billy Barnes pitching 1-hit ball and striking out 10. Mayben went all the way on the mound for Lee.

Sam Houston edged Zion's Rest Tuesday with Houston's Foorch yielding 4 hits and striking out 6 batters. Charles Ray Robinson of Zion's Rest allowed 4 hits in his full time on the mound and Talkington, Jan Smith and Hardin led the hitting for the losers.

The older negro boys won a 5-2 victory over the Powell team Monday afternoon. Monday night a social was held for the entire negro group, and a large turnout was on hand, Compton said.

There will be an ice cream supper and two ball games at Powell Thursday night, June 22. Candidates are invited.

**John Clayton Is College Trustee**

John C. Clayton, a former Kerens resident and leader, now of Hubbard, has been named as one of the seven trustees for the proposed Hill county Junior College. He was named this week to represent the Hubbard area.

Clayton resided at Kerens many years before moving to Hubbard. He served as a member of the

Kerens school board, was employed at a bank and was postmaster for several years.

An election will be held in Hill county, July 1, to decide whether or not a county junior college will be operated and maintained. The present Hillsboro College is to close soon.

David Megarity, who underwent surgery this week at Baylor Hospital, is reported to be doing nicely.

DR. REX Z. HOWARD

## Former Resident Author Of Book Telling Of Texas

A new book about the wonders of the Lone Star State—"Texas Tourist Travel Guide"—has been written by Dr. Rex Z. Howard, a former Corsican.

The guide covers the whole state's interesting attractions. It gives enough history to explain locations of old things; and items of interest are described along certain well-known highways so that it is easy for tourists to plan trips.

Howard wrote the guide under the pen name of Howard King. It has 138 pages, 187 photographs and sells for \$1.

Dr. Howard is the son of the late Mike Howard, former county and district clerk here.

At present the author is organizing a Texas Tourist Association whose purpose is to collect information on Texas, advertise Texas to the world and to persuade Texans, themselves, to see the wonders of their state.

**165 GI Loans OK'd In County**

A total of 165 GI loans have been approved in Navarro county through May 25, this year, according to an announcement Thursday.

The sixth anniversary of the GI bill, a law passed June 22, 1944, to help World War II veterans to get back into the swing of civilian living.

Of this total, 74 were for homes, 48 for businesses and 43 were for farm and farm equipment. The appraisal value of these loans at the time they were made, amounted to \$814,808, and GI loans of \$577,580 were approved of which Veterans Administration guaranteed or insured \$282,064. Only two of the 165 GI loans already approved have been defaulted to the extent that VA had to pay off the guaranteed portion—approximately one per cent of the total loans approved.

Fifty-nine GI loans already approved have been paid in full on or before maturity dates.

The VA reports a total of 86 GI loans approved in the City of Corsicana, carrying an appraised value of \$439,568 with GI loans amounting to \$298,608 through May 25.

GI loans insured or guaranteed \$149,265 of amount, according to the anniversary announcement.

## W. Arthur Jones, Veteran Mail Carrier, Dies

W. Arthur Jones, 81, pioneer resident of Navarro county and a veteran mail carrier, died at his home in Uvalde early Wednesday after a long illness.

Born in what is now the Pickett community, Jones carried the mail in Corsicana and Navarro county for 24 years, leaving here in 1915. He had carried a star route in Uvalde for some time prior to his death. He was a younger half-brother to Bob Allen onetime sheriff of Navarro county.

A lay service will be held from the Corley Funeral Chapel Friday morning at 11 o'clock. All members of the Woodmen of the World lodge here are asked to be present to have charge of graveside rites at Oakwood cemetery.

Survivors include his wife, Mrs. Bell Chandler Jones, Uvalde, a number of nieces and nephews and other relatives.

Funeral services will be held at 11 o'clock Friday at the Corley Funeral Chapel. Burial will be in the Woodmen of the World cemetery.

## Farm Talk—

## Joint FFA-4H Livestock Show May Be Held As Preview to County Fair

By CLYDE JOHNSON  
Daily Sun Staff

There's talk around that a co-operative FFA-4H livestock show will be held a month or so before the annual county fair this fall.

Such a project—held—will stimulate interest in the fair, slated to open September 26. A meeting to map plans for the event may be held in the near future.

The 4-H kids in this county—numbering about 400—already are counting the days until they'll exhibit their prize calves. Assistant County Agent Curtis Henderson reports there are 32 4-H calves in the county this year. And he expects about 60 or more from this area to be on exhibit at the fair.

A tour of the 4-H boys' projects will be made sometime next week. Henderson says business men and all interested citizens will be invited to go along with the boys during the all-day affair.

From what Henderson has seen over the county he predicts the best quality yet in calf-exhibitions at the fair.

Purpose of the tour will be to stimulate interest in better beef production and to let the youngsters note the good and bad points of other 4-H members.

When the OPA passed out gasoline coupons for moving war-time families, applicants always were asked the question, "Then when you answered the question, the OPA officer—with omnipotent look—would check it on a road map."

Your answer actually didn't matter.

When joining the military service, you're asked if you have a car record. Then the U. S. checks on you anyway.

And your answer actually doesn't matter.

The farmer is asked how much cotton he grew in 1947 or 1948. But his answer is checked, and the figure the government says it is—it is.

So, what the farmer says actually doesn't matter.

Today, the U. S. Department of Agriculture is measuring every farm in the nation—every crop that

might come under its all-powerful control.

The PMA of Navarro county has been at work in the fields for nearly two weeks. "An enormous, detailed job," says Robert J. Clieque, PMA secretary.

When the project is finished, the government will know all the answers.

We wonder if the farmer will still be "asked" how much cotton or corn or vetch he grew in 1950—when his answer actually doesn't matter.

Ellis county rural folks have decided to do something about their lack of telephone service.

A committee is at work on plans for establishing a rural telephone co-operative.

This action followed a mass meeting at Ennis where "pop talks" on the subject were given by Oale Cauble and State Senator George Nokes, both of Corsicana.

It was pointed out to the farmers group that only about 8 per cent of the rural people of Texas have adequate telephone service.

The vetch seed crop yield this year will be less than was anticipated a week ago—and the prediction then was pretty low.

"The word from County Agent W. H. Walker.

"Things are going so bad for the vetch fellows that the recently-created Navarro County Seed Growers Association may have only a small job to do.

**Dr. W. R. White, Mrs. Tarwater, Wed At Memphis**

MEMPHIS, Tenn., June 21—(AP)—Dr. William Richardson White, president of Baylor University Waco, Tex., and Mrs. Catharine West Tarwater were married in a simple ceremony here Tuesday.

Dr. Robert G. convention and a long time friend of White, officiated at the noon wedding. Dr. Albert Venting of Fort Worth assisted.

About 50 friends attended the single-ring, 10-minute ceremony at Parkview Hotel, where Mrs. Tarwater has resided since leaving Louisville, Ky., several months ago. She is the widow of Tom Tarwater, who was president of Harriman Hosley Mills at Harriman, Tenn.

The couple stood in front of a flower bed, archway in the hotel's Nassau room.

The bride was escorted to the altar by her son, Tom Tarwater.

## It Happened 25 Years Ago Today

(From the Files of The Corsicana Daily Sun)

The second good roads bond election failed to pass in a Navarro county election, lacking 945 votes of achieving the necessary two-thirds majority, although it won a majority of 1,002 votes. A total of 8,880 votes were cast, more than in the first election but the opposition gained more of the extra votes than did the proponents.

War on "jelly beans," "flappers," lounge lizards," and other similar types had been declared by religious organizations such as the Baptist Young Peoples Union, it was reported from Dallas, where the BYPU was to open its 24th encampment July 3.

Personnel of the Magnolia Refiners baseball team, one of the strongest semi-pro crews in the county, consisted of Barnes, Joyner, Posey, Owens, Adams, Fausett, Ralston (business manager), Reid, Adams, Ralston (mascot), Harris, McConnell and Thompson.

The Corsicana Rotary Club baseball team, composed of Beauford H. Jester, Randolph Jackson, Gene Waite, W. A. Tarver, M. H. Dewitt, John Hughes, Rip Lang, Ben Blackmon, W. T. Stokes, Ed Rittersbacher, Fred Reese and Henry Walter went to Kerens for a game with the Kerens Lions Club nine.

## Raising Three Movie Moppets Really Trouble

By GLORIA YARBROUGH

HOLLYWOOD, June 22—(AP)—Rearing three children is trouble enough, but Mrs. Eleanor Perreau has double trouble—hers are movie moppets.

"I don't know what I'd do if I had any more," she sighed on the set of "M" where 7-year-old Janie is emoting in her fifth picture.

Mrs. Perreau, a comely blonde, is also the mother of the 9-year-old acting veteran, Gigi Perreau, and Peter Miles, 12.

"My husband is in Rome right now with Jerry Peter's real name," she said, "Gigi will start another picture in two weeks and Janine will still be working on this one. I should be twins."

Mrs. Perreau explained that she likes to be with the children at least the start of a picture. While they work she knits or answers their fan mail.

Bringing up three movie youngsters is no cinch, and she smilingly agreed that it requires some fact. Each child has a private bedroom because each has an entirely different personality.

When the children aren't working they lead perfectly normal lives, says mother, they go to a Parochial school and get almost all "A's."

## Chicago Is City Of 3,631,835 Now

CHICAGO, June 22—(AP)—Chi-

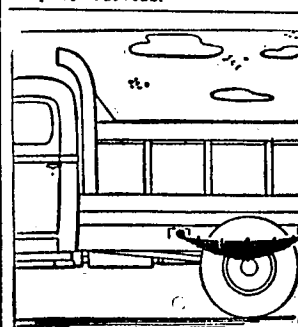

cago's population increased 235,027 since 1940, preliminary figures of the 1950 census show.

The city's 1950 population is shown at 3,631,835 in a compilation announced today by George H. Seward, area supervisor of the census. The figures are subject to slight revisions. Chicago's previous census was 3,390,808.

The city's increase is roughly equivalent to the total population of Omaha, Neb., or Akron, O.

## New Discoveries At Mt. Palomar Cited In Report

SALT LAKE CITY, Utah, June 22.—(AP)—The 200-inch Hale Telescope has discovered an exploding star farther away than any yet reported—it took 50,000,000 years for its light to reach the earth.

The explosion was reported at a meeting of the Astronomical Society of the Pacific today in a paper written by Dr. Milton Humason, of the Mt. Wilson and Palomar Observatories in California.

Had the supernova been as close as Vega, a bright star visible to the naked eye, it would have been as bright as the moon, he said. The Palomar Telescope, the world's largest, found the star in the coma cluster, one of several distant universes similar to the Milky way.

Discovery of two new dwarf star systems in the constellation, of Leo also was announced by astronomers R. G. Harrington and Dr. Albert G. Wilson.

They said one of these—they were both recorded by Palomar's 48-inch Schmidt camera—is the smallest ever found. The scientists said the discoveries are significant because further study may yield clues about how huge island universes like the Milky way, of which the Solar System is a part, are evolved.

## Slight Drop In Meat Price Seen

By The Associated Press

Retail prices of many beef and pork items worked a little lower this week in most areas. The declines appeared likely to be short lived, for wholesale dressed meat quotations were firmer compared with last week-end.

Chicken, lamb and lighter-weight chickens were about unchanged. Heavier fowls were marked down one to four cents a pound in many places as farmers, culling their flocks, sent more older birds to market.

Top grade egg prices which have been climbing steadily for a month, were up an average of one to three cents a dozen in scattered sections, unchanged in others.

Produce prices were nearly all either unchanged or lower, with the sharpest drop reported for green corn which is in heavy supply.

## Corporation Court

Officer Steele arrested a motorist for making an illegal U-turn.

Officers Patterson and Steele investigated the report of a prowler in the 400 block of West Fifth avenue.

Officer Steele investigated the report of theft of a radio from a car parked at the bus station.

Officer Wright arrested a motorist for speeding.

Eleven motorists paid fines for parking violations and officers tagged 15 vehicles for the same offenses. Six of the tagged vehicles carried Navarro county registrations.

## Lions Called On To Secure City Playground Site; Elect Officers

The Lions Club Tuesday was called on to secure a playground for Corsicana's youth so that a "shameful" recreational condition might be corrected.

You'll see a difference in this delinquency," declared F. A. Elliott, the club's chairman, who urged the Lions in a brief address to take more interest in the boys and girls—the nation's future leaders.

Elliott pointed out that Corsicana has 1,453 acres of land but has only one park—"where they never did raise any children." He told the club that now is the time for action, before many of the playground sites are taken up by West Corsicana homebuilders.

Elliott's talk followed the annual election of officers. Five of the nominees were unopposed. They were: Philip Highnote survey, \$1 and other considerations.

## Market Report

### Grain and Provisions

**Fort Worth Cash Grain**

PORT WORTH, June 22.—Wheat No. 1 hard 2.30-1.2 2.35-1.2. Oats No. 2 red 87-02. Corn No. 2 white 2.10-2.11. Sorghums No. 2 yellow milo per 100 lbs 2.08-2.13.

**Chicago Cash Grain**

CHICAGO, June 22.—Cash wheat: Sample grade yellow hard 1.85. Corn No. 1 yellow white 92-1.2 93. Oats No. 1 heavy white 92-1.2 93. No. 1 white 90-2.4 91-1.4. No. 2 heavy white 91-1.2. No. 2 white 91.

**Chicago Grains Live Ground**

CHICAGO, June 22.—Light selling: nipped fractions off the value of most grain deliveries prior to first notice.

The market got off to an easy start and never showed much strength, although corn rallied at one time on news that it had purchased 1,440,000 bushels of the yellow grain for delivery at one time.

The July sales delivery met fairly heavy selling, dropping more than a cent at times. More sales of Argentine oats to American firms brought about the liquidation. Wheat and soybeans had little.

Wheat closed 1-2 higher, 92-1.2. 1-2-3-4, corn was 1-8 lower, July 91-4-8-3-4, oats were 3-4 to 1-1-2 lower, July 90-7-8-2.

### Aid To Shut-Ins Is Reviewed By WCTU Chapter

The local chapter of the Woman's Christian Temperance Union met Thursday afternoon at the home of Mrs. Ed. Fortner to observe a program study of the Flower Mission and Relief department, one which gives special attention to invalids and shut-ins.

Miss Elizabeth Harlow, president, opened the meeting with the song, "What the World Needs is Jesus."

In a devotional drawn from Matthew 23:37, Mrs. W. W. Fortner centered her remarks on the subject, "Bringing Sunlight into Darkened Lives." She said, "Christ knoweth all things, therefore he takes care of us. Today is all we have, yesterday is gone forever and tomorrow may not come. He has prepared many blessings for those who love him."

**Faith Need Stressed**  
Stressing the need for Christian faith, she said, "Jesus speaks to us today, 'Follow Thou Me.' The fields are white unto harvest. My wish and my prayer is that you seek the Lord, love Him and serve Him."

After a short business meeting, a history of the Ohio WCTU was read from information supplied by Mrs. C. A. Teeple, formerly of Corsicana but now making her home in that state.

Mrs. S. Adair Dickson displayed a placard on which were the words, "Income from tax on alcoholic drinks is one dollar. Cost of accidents and crime caused by alcohol is fifteen dollars."

The work of the flower mission and relief department as related to missionary studies was explained by Miss A. H. Lee, who told of the work of a Chinese woman, Mrs. F. W. Liu, namesake of Frances Willard, who has carried out a courageous and resourceful work, opening three model schools for underprivileged children and one nursery in the Orient.

Mrs. M. M. Squires told the story of Jennie Cassedy, an invalid who ministered to others. Her birthday, June 9, in compliance with her wish continues to be observed as Red Letter Day for the department of flower mission and relief. In Louisville, Ky., this work came into being under her guidance, growing out of a visit from Frances Willard and through plans developed by Jennie Cassedy while head of that department in the National WCTU, 1882-1893.

**Article Reviewed**  
An article, "Shut in but Not Shut Out" by the Rev. H. A. Barton was reviewed by Mrs. Julia Petty. It concerned the story of an invalid who brought sunshine and cheer to others and for whom prayer played a great role.

Mrs. Fortner read a poem, "Let Us Pray," and Miss Harlow read another poem, "Hold High the Torch" by Nellie B. Bradley.

Fledgling to the Christian, Temperance and American flags were included in the service and prayer was led by Mrs. Mary Glascock. During the social hour refreshments were served.

### Community Heads Are Announced By East Texas CC

LONGVIEW, June 20.—(Sp.)—Appointment of J. Dave Walker, Corsicana; Drew Gillen, Blooming Grove; C. M. Newton, Dawson; Curtis Patterson, Frost; Joe Sheppard, Kerens; and F. E. Withrow, Richland, as community chairmen for the East Texas Chamber of Commerce in Navarro county has been announced by Paul Carrington of Dallas, president of the regional chamber. Selection of these men to serve in this capacity was made upon the recommendation of Fred E. Harvey, Corsicana, county chairman for Navarro county, and with the approval of J. N. Edens and Joe E. Butler, Corsicana, past presidents, and J. L. Collins, Corsicana, and Howell Brister, Kerens, directors.

"We are constantly striving to make our work more practical and helpful at the community level," Hubert M. Harrison, general manager, said. "The appointment of these community chairmen will keep our organization in closer touch with the views and interests of Navarro county people."

### Suttle Roberts Named Director Safety Council

N. Suttle Roberts, president of the State National Bank, has accepted an appointment as a director of the Texas Safety Council, Pierce P. Brooks of Dallas, president of the council, announced this week.

The Texas Safety Council, a non-political, non-profit organization, was founded in 1933 and directs the activities of 153 safety clubs in Texas.

### GROUND-BREAKING CEREMONIES FOR MEMORIAL HOSPITAL HELD MONDAY

K. Wolens, Corsicana merchant and philanthropist, turned the first spadeful of dirt on the site of the Navarro County Memorial Hospital Monday at 2 p. m. at the historic ground-breaking ceremonies attended by many citizens and officials.

Joe D. Huffstutler, county judge, was master of ceremonies and outlined the early history of hospitals in Navarro county. Paul Moore, secretary of the hospital board and advisory group, pinch-hitting for H. R. Stroube, finance chairman, spoke of the early history of the movement and intervening steps and changes until a "living memorial to the war heroes" will become a reality.

The invocation and benediction were pronounced by Rev. Marvin C. Bledsoe, Central Methodist pastor and president of the Corsicana Ministerial Alliance. Dr. A. W. Rogers, member of the state board of health, was presented, as were A. G. Elliott, chairman of the Navarro Community Foundation; Roy C. Love and Edward M. Polk, Moore and W. A. Crawford, Blooming Grove editor and publisher, member of the county hospital board, represented that group.

Ted Jasper, Edinburg and Corsicana, grand master of the Grand Lodge of Texas, IOOF; Paul Davenport, superintendent of the IOOF home and others were visitors. Letters from a number of state and county authorities regretting inability to be present were read by the chairman.

W. C. Clarkson, Fort Worth, architect, was introduced. He is a former Corsicanan. The commissioners were presented. A large tent and other address system, furnished through the courtesy of the local Texas National Guard units, were provided for the occasion.

Bulldozers and other equipment employed in clearing the site where the five-story main structure of the \$1,650,000 project, were still while the ceremonies were being held. The site was immediately droned again as the dirt is shoveled from where the foundations are to be made.

The silver spade, adorned with red, white and blue ribbon streamers, was used by Mr. Wolens, who insisted that it turn a full spade. He was the largest individual donor in the public subscription campaign and flanked by Judge Huffstutler and Mr. Elliott, posed as movie and still cameras clicked.

In the beginning of his remarks, the county judge said that it was fitting that "this spot was selected for the construction of this Memorial hospital, because this land has been donated to the public subscription campaign and dedicated to the relief of suffering among the young and old."

Judge Huffstutler paid tribute to C. O. Bowmer of Corsicana, Dr. Gurley H. Sanders of Kerens and Paul Moore of Corsicana as members of the county board, appointed in 1937, who have been re-appointed each year by subsequent commissioners courts. Other members are J. L. McCulloch, Dawson; C. E. Reece, Kerens, and W. A. Crawford, Blooming Grove.

The county judge recounted early hospitals, the acquiring of the present P. and S. Hospital in southeast Corsicana, and the various additions and wings added from time to time.

Secretary Moore mentioned the death of R. J. Jackson of Houston, former resident, close friend of Stroube. Jackson made a liberal donation toward this hospital. Jackson was buried here late Monday.

Turning to his main remarks, the board member praised the citizenship of Navarro county for its teamwork and its willingness and progressive interests in approving the hospital of the first class. He mentioned the financial campaign when more than \$280,000 was subscribed—how the county approved the issuance of \$550,000 bonds last year for the county's part—then the state and federal governments appropriating \$800,000 to make the hospital meet the high standards set for this section.

Moore also mentioned the progressive citizenship a short time later approving another bond issue for a new Navarro Junior College—a plant that will soon be constructed on a neighboring hill near Highway 31 in West Corsicana. Members of the executive committee were praised as were the architects whose estimates practically coincided with the money available—a most remarkable achievement.

Among the features of the new hospital are the dimensions of the rooms, the ability to take patients to X-rays and operating rooms on their beds, copper pipes, air-conditioning, ample power, relief generator for lights and power, and other features. A detention ward for mentally ill is also included in the plans—removing the necessity of putting the mentally ill in the county jail.

### State Demo Head Favors Change In Loyalty Statute

John C. Calhoun, state chairman of the Democratic executive committee, in a statement Wednesday said he felt that the decision is in line with the statutes, but added that his group felt the law should be changed so that the party loyalty of a candidate can be basis for approval as a representative. The Supreme Court of Texas over-ruled a vote of the state committee in striking the name of J. E. McDonald from the ticket Monday.

Calhoun had not been officially advised of the decision rendered early Wednesday, but his telephone was busy all morning with calls from all parts of the state.

The state democratic chief's statement follows: "I have not been advised officially of the Supreme Court's ruling and do not know yet what the Court has ordered the state committee to do."

"Since this is a final decision, any instruction will be carried out by the state committee."

"As chairman, I feel sure the court has rendered the decision in line with the statutes, but the Democratic executive committee still maintains that the law should be changed so that the party loyalty of a candidate for office in any particular party shall be the basis for approval for representative on its ticket."

McDonald, seeking his 11th term as commissioner of agriculture, admits he has supported Republicans for high office on several occasions.

### Eight Enrolled In Life Saving Course At YMCA

Eight young men have enrolled in the life-saving course to be conducted at the YMCA pool by Toby Morton, a local qualified leader-examiner in the YMCA aquatic program.

The enrollment deadline for the course has been extended to Monday night, June 26, at 7:30 p. m. in hopes that a few girls and more boys will avail themselves of the opportunity.

The major cost of the course is paid by the Red Cross.

The course is now organized will require two hours each Monday, Tuesday and Thursday, and it will be completed in three weeks. The Senior Lifesaving certificate awarded for satisfactory completion of the course will be recognized by all public and private pool operators.

The only prerequisite is that the enrollee must be an able swimmer 15 years of age. Many water safety techniques will be taught which may prove valuable to the student in saving his or her own life.

Present enrollees are: For renewal of certification—Noble Davis.

For original certification—Bill Derrick, Claude A. Still, Jr., Jay Butler, James Mayben, Bobby Waddell, Hal Murphy and Ray Teer.

### BENNECKE-MORGAN RITES AT CORPUS CHRISTI IS OF INTEREST TO CORSICANANS

Of local interest were the Saturday evening rites in Corpus Christi which united in marriage Miss Mary Hope Morgan and Henry Martin Bennecke.

Attending the ceremony were Mr. and Mrs. Bill Whitefield of Corsicana. Mrs. Whitefield, the former June Fauber, and the bride were classmates at Baylor University. They appeared as duo pianists on a number of local program occasions, including May 10 birthday party, 1944, at Kinsloe House. Mrs. Whitefield was a member of the wedding reception house party.

The ceremony was performed at First Baptist church, Corpus Christi, with Dr. C. E. Hereford officiating.

Parents of the bride principals are Mr. and Mrs. DeWitt Morgan and Mr. and Mrs. C. H. Bennecke, Wears Historic Lace.

Entering with her father, the bride was gown in white slipper satin, fashioned with a yoke of nylon tulle and a basque bodice embroidered in seed pearls. Her long sleeves ended in petal points at the wrists. A bustle accented the full skirt, which extended in a chapel length train. Her fingertip veil of imported illusion was caught to a tiara embroidered in seed pearls. The bridal bouquet was a crescent of fleur d'amour and stephanotis, centered by a pale pink orchid and showered with white satin ribbons. She carried a handkerchief of Battenberg lace, which has been carried in weddings for three generations.

Mrs. Ralph Storm of Corpus Christi attended her sister's marriage of honor. Bridesmaids were Misses Sally Faulkner, Mills City, Montana; Margene Clark, Dallas, and Shirley Voelkel, Cuero.

The honor attendant was dressed in pink and carried a crescent of yellow Marconi daisies. The others wore frocks of pale green, designed with bouffant ballerina leotard skirts, shirred cap sleeves and shirred bodices with ve necklines. Their crescent bou-

quets were fashioned of pink daisies.

Robert A. Winklemann of Dallas served as best man. Groomsmen were Charles Bennecke, Austin; a brother of the bridegroom; Larry Pankonien, Waco, and Ralph Storm, Corpus Christi. Ushers were Alton Mueller, Bryan, and Graham Barber.

At the reception at the Nueces Hotel, Mrs. Whitefield and Miss Octavia West of San Antonio presided at the bride's table. Others in the houseparty were Mrs. R. S. Morgan, Banquete; Mrs. C. W. Gregg, Corpus Christi; Mrs. Larry Pankonien, Waco, and Mrs. O. E. Cannon and Misses Maureen Bell, Hazel Bell and Colleen Ivy.

At Home in Austin. After a wedding trip to Ruidosa, N. M., Mr. and Mrs. Bennecke will be at home in Austin, where he is doing graduate work at the University of Texas. A graduate of Texas A. and M., he served in the US Navy during the war.

His bride, after graduating from Baylor University, attended Julliard Summer School and received her Master's degree at the Eastman School of Music at Rochester, N. Y.

### Saturday Is Deadline To Pay Assessments

### What About The Management?

In considering the investment value of any enterprise the quality of the management is a factor as important as any shown by the balance sheet.

During your lifetime you have been accumulating and conserving property. This property will keep your family free from worry and from want while it remains under your management. But what happens when your management is withdrawn?

When you name us in your Will to act as trustee for property, you are making sure that efficient stewardship will continue. We will manage the property in accordance with your instructions, paying the income from it to whomever you name, and later distribute the principal as you direct. Such a step prevents the tragic mistakes of inexperience - renders most certain that your property will serve as you intend.

We shall be glad to discuss with you and your lawyer a plan to meet your individual needs.
